SUMMARY

Machine learning engineer deploying computer-vision models to production.

EXPERIENCE

ML Engineer, VisionAI (2021-Present): Built object-detection pipelines in Python with TensorFlow; served models via FastAPI on GCP.

Research Assistant, Khalifa University (2019-2021): Published 2 papers on medical image segmentation.

SKILLS

Python, TensorFlow, OpenCV, MLOps, Docker, GCP

EDUCATION

M.S. Artificial Intelligence, Khalifa University, 2021
